

Decoration and Fire Protection From the bottom to the Top KCRC - University Station Structural Steel

Peacopoxy Multi-Purpose Primer was specified by KCRC for Galvanized surface primer. The primer not only provides excellent adhesion but also contains anti-corrosive pigment.

Peacock long lasting Acrylic Polyurethane, **Peacopour RC Finish** was selected as the top coat on Fire Intumescent Coating.

Peacopour RC Finish provides excellent gloss and color retention properties as well as protection on highly hydrophobic Fire Intumescent Coating.
